HOW TO PLAY THE GAME (See challenge examples above):

Jackpot Bowling is fun, new, engaging, entertaining, and intense. All bowlers attempt to complete each challenge at the same time on individual lanes. If all bowlers do not complete a challenge, i.e., no one gets a split, all bowlers continue to the next challenge. The bowler who survives with the most challenges wins the jackpot. Tied scores are broken with a sudden-death roll-off. Challenges change after each game. Must be present to win the drawing(s). Number of places paid and percentage of prize fund subject to change based on number of entries (120 max). Must be 18 years or older to play. Amateur bowlers only. **The number of places paid and percentage of the prize fund subject to change based on the number of entries.
